Regarding: Peter Haiman, Ph.D.

Dear Sirs:

Peter Haiman, Ph.D. worked as a consultant with Parental Stress Service, Inc. from November, 1984 to January, 1985. He was hired to teach two classes in parent education in our Pleasanton office.

Dr. Haiman leads an intense class for parents. He invites both disclosure and support among the members and responds with information about child development, family dynamics, and communication and with support for the members' efforts to make changes. He encourages parents to examine their parenting styles and to compare these with those of their own parents. This historical perspective helps parents to make sense of their own behavior and removes the power of old habits and ways of responding to their children. Parents report to us that they feel considerably more comfortable and self-assured about their parenting after being in Dr. Haiman's class.

We regret that it is not possible to continue to contract for Dr. Haiman's services.

Sincerely yours,

Patricia Mann, M.A.
