Dear Peter,

Hope all is well with you. Autumn is always my favorite time of year. I just love watching the trees change colors. We are just coming out of winter – maybe a few more weeks of it.

I feel I'm treading unfamiliar ground sending this check. According to my records this is the balance of our account. My monthly trips to the bank to exchange Australian dollars into US dollars have sort of developed into a ritual. It reminds me of your comforting voice telling me to be nice to myself. I think things are going pretty well for me – in fact I remind others to be nice to me too.

....one week in...still likes his job – he is amazed how clear they are in their focus. People ask questions that he feels would have been looked down upon at his previous job & it encouraged him to do the same.

Can't tell you how much you have helped our family, ..... & myself. Our family is definitely the better for it.

Thank you,

Love,
