June 10, 1994

Dear Peter:

La Leche League of Northern California and Hawaii is planning its Area Conference for April 21, 22, and 23rd, 1995, at the Pleasanton Hilton Hotel. We expect about 350 plus parents and health professionals to attend the conference.

We would like to extend an invitation for you to be one of our Special Guest Speakers at this up-coming Conference. As you know, the main focus of a LLL Conference is to educate and nurture the Leaders although we have a strong focus on Health Care Professionals too with a two day program of CERP/CEU's. Our conferences also attract many new parents and we have many Leaders and mothers who would benefit from the sessions that you have given in the Southern California's LLL Conferences! We feel you have been a terrific speaker for us, that you empower parents and provide them with insightful and positive thoughts and direction for their parenting and their lives. We'd love to have you come again!

If you are interested, we envisioned you doing a Luncheon speech as well as any sessions of your choice at our conference.

As a volunteer organization we are not in a position to offer large fees to our speakers although we do have a limited speaker fund. Please do let me know your usual fee so I can find out what funds are available. We will be happy to provide a complimentary registration as well as your hotel room for you and your family.

We need to begin work on our publicity flyers and other conference information, so if possible, could you let me know within about 10 days if you will be able to come. Next year's Conference promises to be exciting, inspirational and informative -- we hope you will be part of it!

Sincerely,

Nancy Watson, Assistant Area Conference Supervisor
