

Dear Dr. Haiman,

Thank you so very much for being our discussion leader at the February La Leche League enrichment meeting. The mothers seemed to enjoy the discussion very much. I have received nothing but positive feedback from that evening.

You were very effective at making the meeting informative, humorous, and introspective all in one shot! Wow!

I will start work on organizing a chapter meeting for

local La Leche League leaders, so that others may benefit from your insight.

Sincerely,

hhh of Alameda
