Berkeley, CA 94708

Dear Dr. Haiman:

I was glad to be able to speak to you yesterday while attempting to send you a fax so that I could learn your address since we were unsuccessful earlier.

Paulina asked that I let you know how much she appreciated your call to her in Mexico awhile back. She regrets that she wasn't able to thank you sooner. However, she wants you to know that your comments and input on the services and programs offered by groups, in a given area, will be very much taken into consideration when they are being evaluated.

Sincerely,

Nancy Bugnits  
Executive Secretary to

Paulina Smith  
Executive Director
