

Dear Dr. Haiman -

May 30, 2000

I would like to personally thank you for speaking so eloquently and sharing your life experiences with our mothers club! It was truly an honor and pleasure to have an "encore" engagement! You were well-received and mothers asked if we could have you back for another engagement! You certainly out did yourself the second time around!

I consider myself fortunate to have heard your words of wisdom and thank you for the endearing poem, "If I Had My Child to Raise Over Again!" Mahalo, for touching a part of my heart! Sincerely -
