Dear Peter:

On behalf of FEMALE chapter 77, let me thank you for your guest appearance last evening. You are truly a motivational speaker with the extraordinary ability to get to the heart of peoples concerns. We are all grateful for the insight you provided into our children's impulses and behaviors. I am positive you will be hearing from us again in the future as we solicit speakers.

I am so pleased that you are interested in being a speaker at our next West Coast Regional Conference for FEMALE. As I mentioned last night, I am not sure who is coordinating it but I believe the Joanne Hayward, Regional Coordinator and member of the San Francisco chapter, should be able to provide you with some contacts.

Thank you again for your insight and the support you provide mothers and FEMALE.

Sincerely,

*Diane J. Ridgley*
