

Dear Peter,

Fri
Oct 5

I am enclosing a song
that I know you will enjoy.

I am a teacher at Diablo Valley
Montessori School in Lafayette,
and have heard you speak and
enjoyed you immensely. I
teach Art and Creative play
at the school — but I am
also trained as a psychotherapist
from J.F.K.

When I heard you speak last
at DVMs, you spoke about teaching
values to children and gave us a
list of value words. I was touched.

I put the list up on my
classroom wall to help me
remember.

Soon after that I received
a letter in the mail from a

good friend in her 70's. She is married to my father - (but is not my mother.)

They had been driving thru Oregon and had seen a sign in a small town - WONDER.

I have taught the song to all the kids at school. It's been very sweet - they love it. Read the words - you'll enjoy it. It's a real "teaching" song. You are welcome to share it freely.

When I saw you had written the article about WONDER it was a complete

circle.

Enjoy!

Lawrie
